Now Similia Clinix is in 10 years of existence, we thankful almighty Allah that we have been able to consistently deliver the best to our patients and inshallah shall continue to do so in future.

SIMILIA HOMOEOPATHIC CLINIC

SIMILIA is a German word, which literally means '*similar*'. Dr. Ahmed Ejaz's Similia Homoeopathic Clinix is one of the largest homeopathic clinics in Pakistan. An ultramodern setup with plush interiors, modern computers, laptops, latest medical software, digital camcorders, security systems, automation, Wi-Fi and much more. And within all this, there is a feeling of open space, peace and serenity.

The center focuses on working with patients to restore their health. The initial consultation can last anywhere between 15 minutes to 2 hours, depending upon the nature of the case. The treatment is done using the standard protocols of classical homeopathy. The latest dispensing methods like liquid solutions of centesimal scale and LM potencies are preferred for most patients, as our experience shows that they give better results than conventional dry pills.

Dr. Ahmed Ejaz and Dr. Nadia Ahmed are available at his clinic in morning and evening hours.

Consultations for chronic cases are by prior appointment only. For appointments, please find the details on the [Take Appointment](#) page. Patients are requested to read the Patient FAQ before visiting the clinic.
